Table 68
BASE: ALL GB ADULTS AGED 15+
JA04 - Generally speaking, for each of the following statements, do you agree strongly, agree slightly, neither agree nor disagree, disagree slightly, or disagree strongly?

SUMMARY

	We should retain the current voting system as it is more likely to produce single-party government	Government power in Britain is too centralised	Local communities should have more say over decisions that affect them	More of the money spent by local councils should be raised locally	Britain needs a written constitution, providing clear legal rules within which government ministers and civil servants are forced to operate	There should be more votes in the House of Commons in which MPs vote according to their personal views rather than how the party leaders tell them	The House of Lords should be replaced with an elected second chamber

JA08 - I am going to read out a number of policies and proposals, and I would like you to tell me whether you agree or disagree with each.

SUMMARY

	This country should adopt a new voting system that would give parties seats in Parliament in proportion to their share of votes	The number of people eligible to vote in each parliamentary constituency should be roughly equal	The voting age should be lowered to 16	Constituents should be able to sack their MP if a petition attracts enough support among constituents	'None of the Above' should be offered as an option on ballot papers at all elections

INTERNAL/CLIENT USE ONLY - FINAL
JRRT STATE OF THE NATION POLL

18 Aug 2014

Table 135
JA10_1 - I am now going to read out a number of statements that people have made about the funding of political parties.
For each of the following statements, do you agree strongly, agree slightly, neither agree nor disagree, disagree slightly, or disagree strongly?

Funding parties by voluntary donations is unfair because there is a risk that wealthy individuals, trade unions and businesses can buy influence over parties

JRRT STATE OF THE NATION POLL

18 Aug 2014

Table 136
JA10_1 - I am now going to read out a number of statements that people have made about the funding of political parties.
For each of the following statements, do you agree strongly, agree slightly, neither agree nor disagree, disagree slightly, or disagree strongly?

Funding parties by voluntary donations is unfair because there is a risk that wealthy individuals, trade unions and businesses can buy influence over parties

JRRT STATE OF THE NATION POLL

18 Aug 2014

Table 140
JA10_2 - I am now going to read out a number of statements that people have made about the funding of political parties.
For each of the following statements, do you agree strongly, agree slightly, neither agree nor disagree, disagree slightly, or disagree strongly?

Political parties with significant public support should be provided with public funds to reduce their dependency on donations from wealthy individuals, trade unions and businesses

JRRT STATE OF THE NATION POLL

18 Aug 2014

Table 162
BASE: ALL GB ADULTS AGED 15+
JA10 - I am now going to read out a number of statements that people have made about the funding of political parties.
For each of the following statements, do you agree strongly, agree slightly, neither agree nor disagree, disagree slightly, or disagree strongly?

SUMMARY

	Funding parties by voluntary donations is unfair-risk that wealthy individuals, trade unions & businesses can buy influence	Political parties with significant public support should be provided with public funds to reduce dependency on donations from wealthy individuals, trade unions and businesses	There should be limits on how much individuals can donate to political parties	There should be limits on how much organisations (such as trade unions and businesses) can donate to political parties	If there is to be a system of state funding for political parties it should be targeted to support local activity by parties	Donations to political parties should be subject to tax relief, just like donations to charity	Donations to political parties that are collected by Trade Unions from their members' fees with consent should be treated as a series of individual donations	There should be limits on how much political parties can spend on campaigning every year	There should be limits on how much interested organisations can spend on campaigning in the year before an election
